Cable Tapes Africa - Company Introduction

The leading supplier of electrical insulation tapes in Sub-Saharan Africa, providing high-quality products to customers worldwide and earning a strong market reputation.

Purchase Records

EG-300DL (98001) has been installed.
EG-3D9220 (23009) has been installed at the customer's factory in Vietnam for handling electrical insulation materials.

Tankiso Parkies
Head of Production

“ We are excited to strengthen our partnership with Nicely, which is why we chose Nicely again when investing in new equipment! ”

Nicely’s slitter machines are excellent, and their services exceed our expectations. We can’t wait to officially integrate the newly purchased EG-300DL into our production line. Compared to previously purchased equipment, the new model features significant improvements in design and functionality. We look forward to the growth it will bring in the future.

James Lin
General Manager

“ Through innovations, Nicely has developed faster, wider slitter machines, leading global exhibitions and achieving steady order growth. ”

We sincerely thank Nicely Machinery for recognizing ChiangLy Trading Company as a trusted partner since its founding. Over the decades, our collaboration has grown across generations, reflecting a strong, enduring partnership.

Nicely’s team has consistently demonstrated dedication to customer service, with expertise and commitment driving their continual improvement and industry leadership.

As Nicely approaches its 40th anniversary, we congratulate them and wish continued success and a future of great achievements!

The technical engineer from ChiangLy Trading explained the functions of the control component to Nicely.

ChiangLy Trading Company - Company Introduction

Established in 1970, with over 50 years of experience, we remain committed to safety and profitability, developing a comprehensive business model and providing one-stop solutions for clients across various industries.

Dr. Shufani GmbH & Co. KG Tape Converting Machines - Company Introduction

With 25 years of expertise in industrial tape processing and automation, we deliver customized solutions to enhance efficiency, quality, and value.

(Left) Johny Khoury / CEO
(Right) Dr. Shufani / Owner

“ We are truly impressed by Nicely's flexibility and reliability. Across continents and time zones, we always receive timely responses. ”

Nicely's team is always accessible, cutting through bureaucracy to ensure direct communication with developers and technicians on challenging technical issues. When exploring new technologies, Nicely's commitment to thorough analysis and feasibility testing stands out. They work with us to develop actionable solutions.

Nicely's pragmatic approach means they tackle complex tasks with full awareness of their scope. Their equipment's technological quality and durability are key, using premium components that meet international standards, easing maintenance in Europe.

This collaboration, built on mutual respect and shared goals, has been highly beneficial. The first systems we saw are still running smoothly, meeting expectations, while others have been adapted for new tasks. We truly value our partnership with Nicely and look forward to many more successful projects.

Engin Hano
Nicely's Türkiye Partner

“ We're proud to introduce Nicely's machines to the Turkish market -- A global leader in the plastics industry. ”

We are pleased to cooperate with Nicely Machinery. Their fast service, strong technical infrastructure, trained workforce, and expertise strengthen our market position. Nicely brings innovation to the Flexible Packaging Slitting, Paper, Nonwoven,

and Spooling Slitter Rewinder fields. Their experience in special machine designs continues to guide the market.

Considering the changing market dynamics, we believe competition will arise from companies in the Far East. Congratulations to Nicely on its 40th anniversary, with hopes for continued cooperation and friendship for years to come.

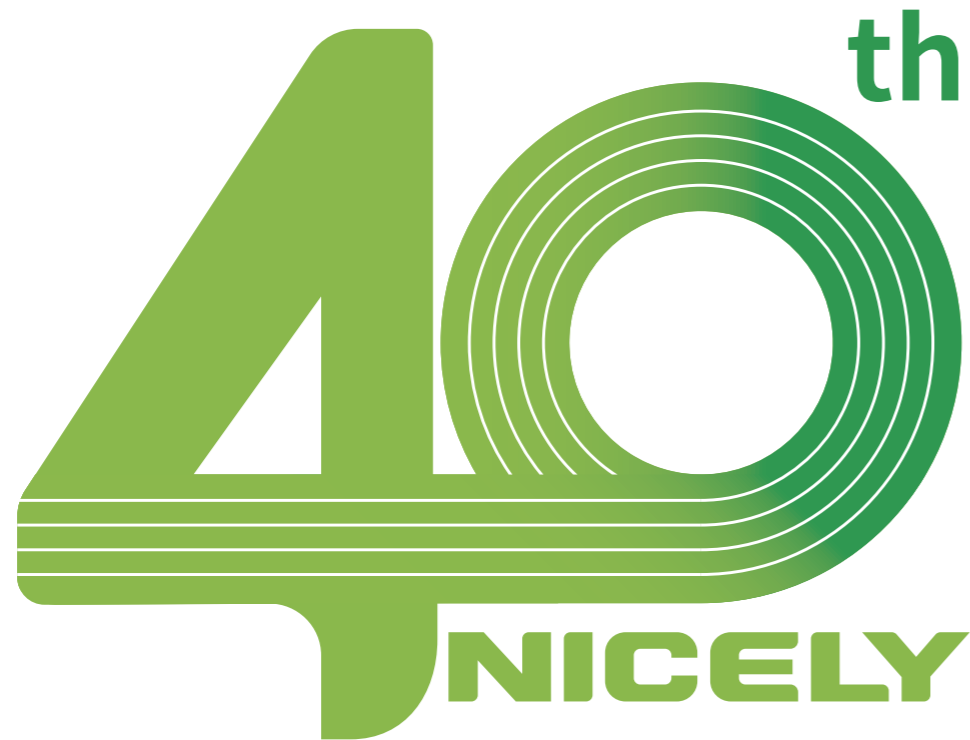

Confida tr - Company Introduction

Strive to connect Turkish plastic packaging manufacturers with leading machinery makers, offering reliable services.
