# EG-7001 series

Turret Winding Slitter Rewinder

## APPLICATIONS

- Kraft paper & liner
- Paper, board
- Paper & aluminium lamination
- Electric tape compound materials (PE / Mica / Fiberglass)
- Cigarette paper, filter
- Nonwovens
- Art paper, creped paper
- Woven fabrics

NICELY MACHINERY DEVELOPMENT CO., LTD

# EG-7001 series

## TURRET WINDING SLITTER REWINDER

The EG-7001 turret winding slitter rewinder is a highly efficient machine that reduces downtime and enhances productivity. With two central winding shafts, it enables seamless roll changes, optimizing workflow. The integrated web path minimizes web displacement, ensuring precise winding accuracy. Featuring an automatic cross cutter, it enables efficient web cutting for smooth production cycles. The electrically driven unloading cart allows easy movement of finished reels, adjusting hydraulically based on roll diameter. Experience improved efficiency and workflow with the EG-7001 turret winding slitter rewinder, an ideal solution for seamless operations.

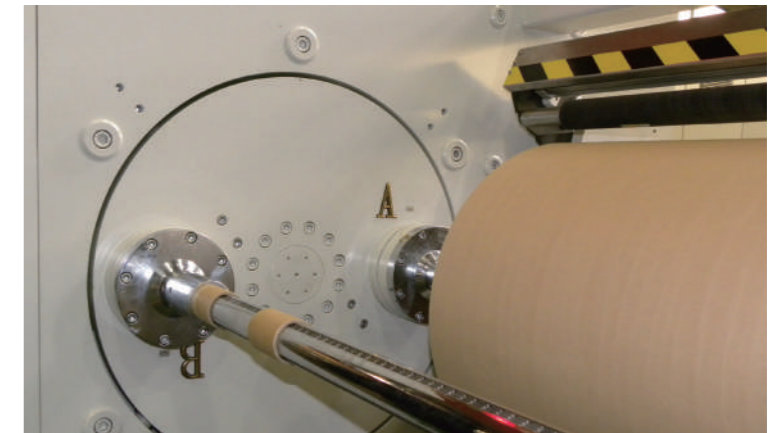

### Standard Features

- Cantilevered center winding
- Auto tension control
- Spreader roll before slitting
- Circular shear slitting
- Trim waste air blower
- Contact pressure roller
- Auto. web cross-cut
- Auto. tail tucker
- Motorized roll trolley
- PLC control system incorporated with HMI touch screen

### PAPERS

### Optional Features

- Splice table
- Inspection light panel
- Pneumatic cutter set
- Auto. knife positioning
- Enhanced fencing & safety implements

### General Specifications

Roller width	800 – 1800 mm
Unwind diameter	1200 / 1500 mm
Min. slit width	10 mm, and up
Max. rewind diameter	800 mm
Machine speed	300 – 600 M/min

Other specification is offered at request.
